

SUMMER CAMP 2026

AGES
9 - 12

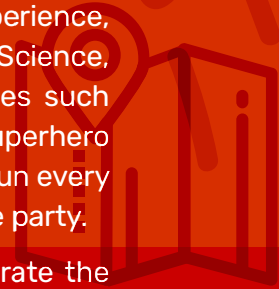

OUR
7-WEEK
FULL-DAY

BELL
SENSPLEX,
KANATA

JUNE 29 - AUGUST 14, 2026
MONDAY-FRIDAY, 8:00 AM - 5:00 PM

Unforgettable Fun & Learning

The camp is designed to provide an engaging and educational summer experience, with each week guided by a core subject, Language and Arts, Math, Science, Social Studies, and Digital Arts, delivered through fun, themed activities such as storytelling, art-making, mystery-solving, creative science, and superhero design. Weekly highlights include hands-on projects, outdoor play, water fun every Thursday, and special events like a magic show, fire truck visit, and bubble party.

The final week focuses on preparing an exhibit and showcase to celebrate the campers' work. This program also serves as a unique opportunity to highlight how OSA approaches core subject instruction in a fun, creative, and student-centered way, turning traditional learning into memorable experiences.
